

# Personal Service

## OCEAN SHIPPING BY NORTH ATLANTIC SERVICES

- Do you need to ship goods by ocean freight using a **US Flag Carrier** ?
- Are you shipping between the United States, Northern and Eastern Europe, and the Mediterranean ?
- Is personal service an important factor ?

North Atlantic Services (NAS) is the **ocean shipping agent** you are looking for, whether for household goods or for general cargo.

**North Atlantic Services** was founded as an NVOCC, Non Vessel Operating Common Carrier, in 1996.

As a member of the Gosselin Group, NAS provides ocean services to its removal divisions as well as to third parties. North Atlantic Services handles ocean services of household goods between the United States and Northern and Southern Europe.

As a result of the volumes handled, we are able to provide our customers with **very competitive pricing** in addition to a **wide range of value added services**.

### Tracking your cargo ?

Over the years NAS has been developing an **online tracking system** where you can view the status of your shipments in real time. You can search based on multiple criteria such as vessel, container, government bill of lading, shipper's name etc...

In addition to tracking shipment information you will also have access to our **Document System** where all relevant shipping and clearance documents can be found, such as rated manifest copies and ocean invoices, GBL copies,..
